this survey based study analyses the current retail scenario in india investigates the growth across different segments of retailing and evaluates the likely impact of allowing fdi foreign direct investment on various state holders in different retail

segments

about the book since the early 1990s the growth process in india has been marked by a remarkable performance of services sector the experience of developed countries suggests that growth of services sector followed the growth of industrial sector however india s experience in this regard is somewhat different the sectoral shift in favour of services sector over the last two decades has taken place in the face of an almost stagnant share of industry and a reduced share of agriculture in gdp in fact it was the growth performance of the services sector during the 1990s which sustained the overall growth of the indian economy particularly in times of adverse agricultural shocks and industrial slowdown while software exports are a well known success story india is now an important venue for many tasks in services such as financial accounting call centres processing insurance claims and medical transcription the future potential of growth in these areas appears to be considerable this book explains recent policy measures by the government of india to make india s services sector internationally competitive the book focuses on the following services financial services it and it enabled services retail trading services healthcare services insurance services educational services transport and communication services and tourism it also includes a chapter on taxation of services in india

this book analyzes the historical development and current state of india s healthcare industry it describes three sets of institutions that deliver healthcare services finance these services and manufacture products used in these services these institutions provide healthcare hospitals physicians pharmacies and diagnostic laboratories pay for healthcare individuals who pay out of pocket insurance companies community insurance schemes government ministries and produce the technology used in healthcare delivery pharmaceuticals biotechnology and medical devices the volume also discusses innovative efforts to raise capital for the development of these sectors finally it includes three interesting case studies of innovative models of healthcare delivery l v prasad aravind and vaatsalya as well as analyses of other innovative organizations like narayana hrudaylaya and the hospital chains the contributors to the volume include wharton faculty members graduates of wharton s healthcare mba program and executives and consultants from india

no detailed description available for the steel industry of india

this book analyses india s trade policy evolution in the last two decades in the broad context of trends and patterns in global trade and in particular with reference to the emergence of global value chains gvc s through an in depth analysis of its trade policy evolution in the 2000s the author explains india s limited share of global

merchandise trade especially manufacturing trade and relatively low gvc integration the book discusses india s trade policy pattern and global trade participation not just in the comparative context of china as is true of most analyses relating to the indian economy economic reforms and trade liberalization in india but also in the context of regional economies like vietnam thailand malaysia bangladesh and other emerging market economies emes that have successfully integrated with gvcs rvcs in the period under reference progress and nature of india s value chain participation relative to other economies has been evaluated in this context the book further examines policy developments with respect to traditional trade measures like tariffs and export schemes trade and gvc related policies in special economic zones sezs as well as gvc facilitating policy instruments such as regional free trading agreements rtas ftas and investment treaties three sectoral case studies automobiles textiles and apparel and electronics are presented to examine india s participation in these dynamic gvc intensive sectors an important study of one of the fastest growing economies in the world for almost two decades this book will be of substantial interest to academics and policymakers in the fields of economics international economics foreign policy economic relations economic diplomacy indian southeast east asian economics

the purpose of this book is to enable the taxable person to understand the applicability and impact of gst provisions with respect to the textile industry the comprehensive and in depth practical knowledge of the three authors would help in the implementation of the provisions in an easy manner this book is divided into eight parts as follows part 1 introduction and overview part 2 gst impact analysis on relevant sectors manufacturers and traders service providers job workers and other supplies part 3 conceptual law containing classification itc valuation place of supply reverse charge and transitional provisions part 4 procedural law containing registration payment returns refunds assessment audit advance ruling appeals penalties demands etc part 5 import and export containing sez supplies and ftp incentives part 6 disputes mitigation and department actions focussing on prevention of possible disputes their resolution part 7 tax planning and professional services part 8 miscellaneous containing faqs and filled forms
